# Eco-side® Premium Smooth

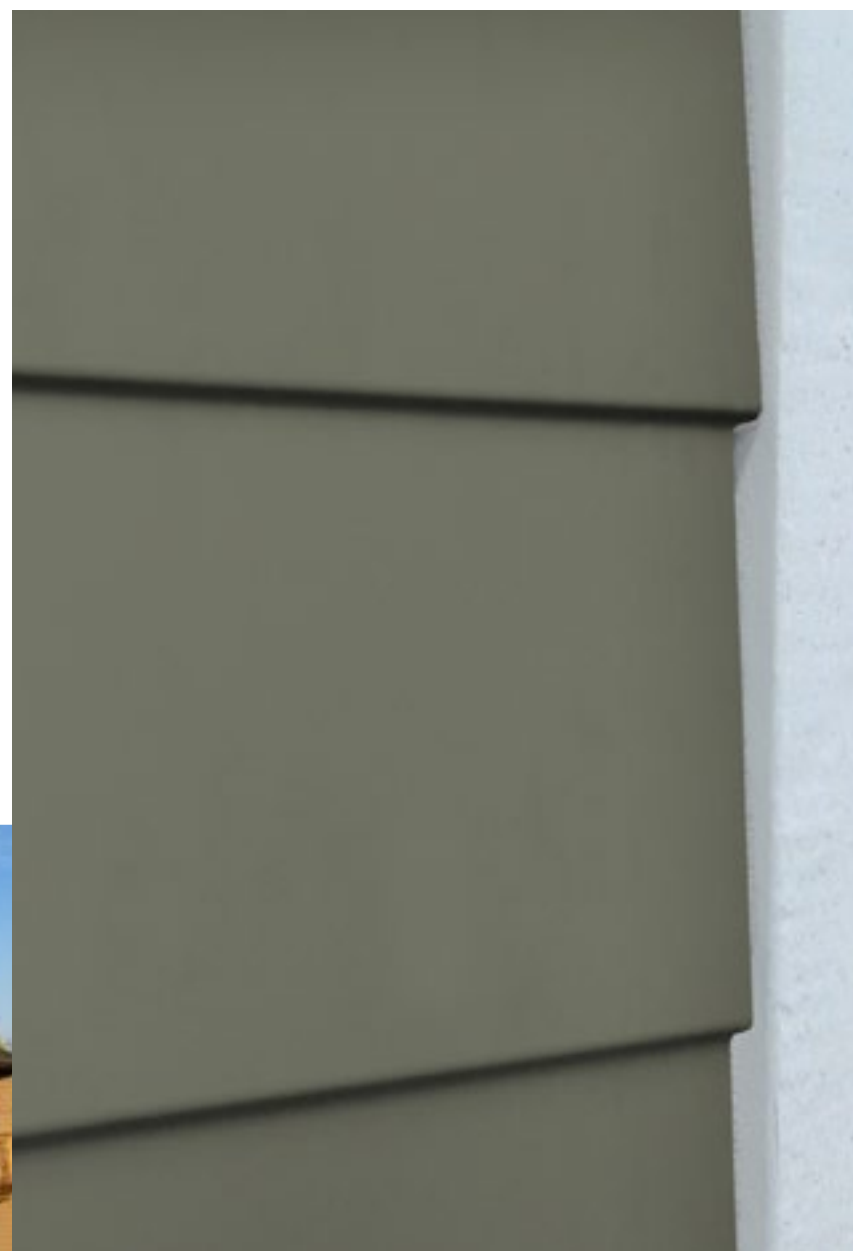

Engineered Pre-Finished Wood Siding

Delivers the beauty, authenticity and warmth of traditional wood but with a modern twist. Easy to work with and stunning to look at, Eco-side Premium Smooth siding provides a distinctively dramatic style with rich warm colors, fit for any design.

## A Beautiful Choice For Your Home. A Natural Choice For The Environment.

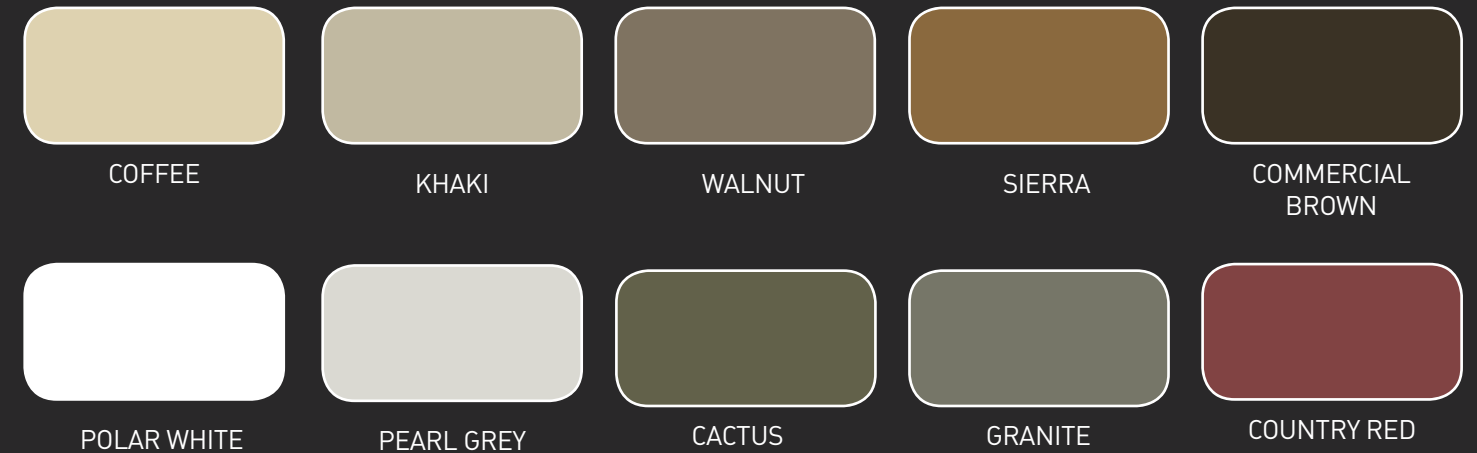

The wood we use to manufacture our Eco-side Premium Smooth siding contains 100% pre-consumer recycled content. KWP products are eco-consciously manufactured with quality additives that increase strength, rigidity and durability while lessening our carbon footprint.

## Eco-side® Premium Smooth Color Pallet

The color of a home is an expression of its architecture, character and surroundings. Available in an array of colors, Eco-side Premium Smooth siding offers tremendous design flexibility for today's designers and architects. Whether your designs call for a traditional look with soft earth tones, or a contemporary style with bright, dramatic colors, engineered wood siding can meet any design.

\* Colors shown are mechanically reproduced. We recommend you make final color decisions using actual product samples. Colors are subject to change without notice.

## Features:

Building green is easy with Eco-side Premium Smooth. Using 100% recycled content, Eco-side Premium Smooth is FSC® certified and can contribute points to LEED projects.

Resistant to termite damage, rotting, cracking and splitting, Eco-side Premium Smooth is engineered to last.

Using state-of-the-art engineering and manufacturing techniques, Eco-side Premium Smooth is 50% lighter than fiber cement siding, making the panel easier than ever to handle.

Factory painted to eliminate on-site and annual painting. Eco-side Premium Smooth's four (4) coats of baked-on finish paint ensures long lasting performance and an exceptional finish year after year.

Available with a 3/8" thickness and 13'.4" length, Eco-side Premium Smooth has the perfect profile for any building.

Once installed, Eco-side Premium Smooth nail hem is covered, eliminating the need for painted nails and ensuring a fresh clean look all around.

Upside down or right side up, Eco-side Premium smooth can be installed however you please.
